Price:	€2,300,000	Boat Location:	Thessaloniki, Greece		
Condition:	Used	Cabins:	4		

Description

Immaculate Condition - Immediately Available - Fully Equipped

Elegant, comfortable with a full range of equipment and facilities.

The Azimut 78 Fly is the new benchmark for all the measures of quality applied to great motor yachts. Balanced in shape, with the bow of a great planing yacht and a line of flight that is resolved in the hard top, the Azimut 78 reveals, area by area, the characteristics that make it a true point of reference for all yachts of its category.

The flybridge features three relaxation areas that are closely linked yet separate and independent. The first, towards the stern, extends around the whirlpool bath with a sunbathing area and Jacuzzi and confirms the design and facilities worthy of a great motor yacht. The second consists of a dining area, with a table for 8 people and a fully accessorised multifunctional bar, protected by a hard top with an electrically opening roof. The third and last area that completes the exceptionally large flybridge is the wheelhouse with a helm station and seat for two people, next to another sunbathing area.

The cabins on the lower deck are additional indicators for measuring the comfort and facilities of this category of motoryacht especially if we consider the height of the cabins and bathrooms and the amount of light that enters the cabins and the space, another element that makes the different areas in the Azimut 78 exclusive.
